

IN SENATE OF THE UNITED STATES.

FEBRUARY 16, 1829.

---

Mr. JOHNSON, of Kentucky, submitted the following motion for consideration, and ordered that it be printed.

*Resolved,* That the President of the United States be requested to cause to be selected one of the officers of the Corps of Engineers, for the purpose, and with instructions to proceed to the State of Kentucky, and in aid of the Companies incorporated by the Legislature of Kentucky, with power and authority to erect bridges over the river Ohio, in the vicinity of the city of Louisville, and of Newport and Covington, in said State, to examine into the practicability of erecting said bridges at the respective sites to be selected, and the probable cost of each, separately, and the probable effect, if any, it will have upon the navigation of the Ohio river, and with such other information as he may deem expedient, relative to said constructions, and cause the same to be reported at an early day during the next session of Congress.
